

STANDENS

Celebrates **85** *Years*

Environmental Policy

Standen's Limited has established and maintains environmental system's foundation of prevention, legislation, documentation, implementation and communication.

Standen's developed an environmental framework by setting objectives and targets to continually improve and review our practices and process in pollution prevention and waste reduction.

Standen's reduces the negative environmental impacts of our activities, products and services and meet or exceed applicable legislation and other requirements to which we subscribe.
